Activities

Vonette Schools Mobile App

Lead Developer & CTO

11th & 12th Grade

- Developed a mobile app sponsored by Northshore School District. Built for android & iOS devices to support collaboration among students, staff and counselors. It replaces the tool licensed by school saving cost. It is currently under beta testing at North Creek High School. I Administer 7 peer developers, evaluated by the Admin.

Stock Bot (Neural Network Project)

Full Stack Web Dev & in C/C++/Python/Java/Flutter

9th, 10th, 11th & 12th Grade

- Developed an algorithm using a LSTM model. Predicts stock prices w/ 73% accuracy. Simulation made \$75 in 4 days given a \$10k investment. Currently collaborating with an investor to commercialize this service. Example of in depth understanding in computer technology.

CuriousAvenger

Personal Website

9th, 10th, 11th & 12th Grade

- As an astrophysics enthusiast, I blogged all my learning over the years. Correlated fundamental day to day activities to explain my blogs such as Quantum Tennis (Quantum Physics & Tennis), Teleportation (conceptualizing Physics and Human Biology), Quantum Field Theory and Higgs Boson.

BHS Varsity Tennis

#2 Singles & #1 Doubles

9th, 10th, 11th & 12th Grade

- Started playing tennis when I was 10 years old. Earned Varsity letter for 4 years of High School. Also selected for King County Districts all 4 years. Awarded MVP as a freshmen, Outstanding scholastic for 4.0 GPA, Best playstyle and won two intermediate USTA tournaments. Ranked 7th in Telangana State, India in 2018.
